## **DETAILED ACTION**

### ***Election/Restrictions***

Newly submitted claims 18-25 and 28 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims 18-28 direct to a heat sink system while the amended claims direct to the devices for controlling and making the heat sink system (claims 18-22) and the combination of the heat sink system and the devices that makes and control the cooling system (claims 23-25 and 28).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 18-25 and 28 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
